

Programme of the Second Annual ACCSEAS Conference 4th-6th March 2014

to be held at

Dynamic Earth, Edinburgh, UK

Conference Theme:

ACCSEAS: Evolving Navigation in the North Sea Region

Conference Chair and Principal Facilitator: Nick Lambert, CMarTech, FIMarEST

Attendance at the Conference and its associated events is free of charge. The conference will be of interest to a wide range of maritime stakeholders across the North Sea Region and Europe, addressing future maritime issues for safe and efficient accessibility of the region's ports.

Delegates are requested to register for the conference using the on-line registration form at the following link: www.accseas.eu/register

Delegates are encouraged to attend all 3 days of the conference, including the fascinating maritime Professional Study Tour at The Falkirk Wheel taking place during Day 3 of the Conference. The tour is optional and can be selected when you register.

The daily programme for the Conference is provided below. Please visit www.accseas.eu for further information on how to contact the ACCSEAS project and its partners.
