

SafeSeaNet Norway v8.7 - Customs

The registration of customs information has now been made more explicit and clearer.

User gets more accurate feedback on deficiencies and status, both on the Details step, in the respective steps for Cargo, Ship Stores and Crew Effects, and in the Confirm step.

The voyage listing now uses red / green as the color code on the Customs icon to indicate if all necessary information is registered.

New voyage

Checkboxes for Customs and Border Control are replaced by checkboxes for Crew List, Passenger List and a group of checkboxes for Customs.

Customs registration is now a separate group where Crew Effects and Ship Stores are new and separate choices. For registration of voyage into Norway from abroad, this is the start for customs:

Reporting for this voyage [?]

Note: Checkboxes with red text color indicates **mandatory** reporting for this voyage.

- Quay Request
- Hazmat / Dangerous Goods
- Bunkers
- Crew List
- Passenger List
- Security
- Military
- This Voyage has Norwegian Master
- Waste
- NOx
- Port State Control

Customs [?]

- Report Cargo
- Report Ship's Stores
- Report Crew Effects
- Entitled to simplified customs reporting

New step added is Crew Effects, to be more explicit on registering this mandatory information on inbound voyages:

Voyage Registration (New)

When “Entitled to simplified customs reporting” is selected, the Ship Stores and Crew Effects checkboxes are unchecked and left inactive:

Customs [?]

- Report Cargo
- Report Ship's Stores
- Report Crew Effects
- Entitled to simplified customs reporting

A voyage can be created without any customs information by unselecting all customs checkboxes.

Ship Stores

Ship Stores must now always be reported if checkbox is selected in the Details step. Details for liquor, wine, beer etc. must now be entered and 0 is a valid number. When registering Ship Stores for the first time on a new voyage, the step will be displayed with empty fields, there is no initial 0.

Ship's Stores Details ⓘ

Goods onboard the ship should be reported in accordance to customs regulation § 5-2 (link: [English \(PDF\)](#) / [Norwegian](#))

No Crew Effects List attached.

Confirm

Feedback on customs information is shown in detail for all three parts. This is for inbound voyage when no customs are checked in the Details step:

Customs

Customs information not delivered.

- **Mandatory** Cargo not delivered
- **Mandatory** Ship's Stores not delivered
- **Mandatory** Crew Effects lists not delivered

When "Entitled to simplified" is selected, this is the summary:

Customs

Customs information not delivered.

- **Mandatory** Cargo not delivered
- Ship's Stores not delivered (Entitled to Simplified Customs Reporting selected)
- Crew Effects lists not delivered (Entitled to Simplified Customs Reporting selected)

When all three customs information parts are checked in the Details step:

Customs

Cargo On Board Upon Departure: Amsterdam (NLAMS)

Cargo On Board: Yes

Cargo Discharge in Arrival Port: Haugesund (NOHAU)

Discharge: Yes

Ship's Stores

No Ship's Stores information delivered

Crew Effects

No Crew Effects Lists have been attached.

When Ship Stores and Crew Effects are registered:

Update voyage

Once customs information is fully or partially registered and stored, these cannot be removed again in the Details step. All checkboxes are inactive. If Ship Stores or Crew Effects is previously registered also "Entitled to simplified" is inactive.

Customs [?]

- Report Cargo
- Report Ship's Stores
- Report Crew Effects
- Entitled to simplified customs reporting

On each step for Cargo, Ship Stores or Crew Effects information can be updated or new documents can be uploaded.

On cases where customs information is not previously registered, then all check boxes are available upon update:

Customs [?]

- Report Cargo
- Report Ship's Stores
- Report Crew Effects
- Entitled to simplified customs reporting

List view

The customs icon in the list is red until all necessary customs information is registered. Hovering the Customs icon gives textual information on the status of the registration, considered the type of voyage and the three customs checkboxes and "Entitled to simplified"

When not entitled to simplified then Ship Stores and Crew Effects must be correctly registered, with Cargo, for the customs icon to become green.

When cargo is registered with "Entitled to simplified" checked:
